BLACK EARTH

humaPLUS Dual Action

CONTAINS BENEFICIAL SUBSTANCE

Humic Acids derived from humalite	50%

PRODUCT INFORMATION

HumaPLUS Dual Action is the perfect combination of two of our star products humaLITE AG4 and humiZEN™ Magna, they are an organic, coarse-grade humic granule, mixed with an organic partially soluble granular humate both derived from humalite containing 50% humic acid (Colorimetric method). Applications made according to directions for use may improve soil structure and aid in nutrient uptake and availability.

DIRECTIONS FOR USE

Read label in its entirety. Blending Instructions: DO NOT Blend with Urea (DAP) or any other concentrated , nitrogen based products. Compatible with potassium and phosphate products, with little to no nitrogen (MAP or MEZ). Conduct small jar test, prior to blending if you are mixing with any kind of nitrogen product. Apply only as directed.

Apply as a stand-alone product or blended with compatible dry fertilizers. Suitable applications include, broadcast, strip till and in-furrow.

Refer to Technical Data Sheet (TDS) for specific blending/mixing capabilities for this product.

PRODUCT SHELF LIFE & STORAGE

- 3 years if stored in dry conditions.
- Avoid high humidity, water, and direct sunlight.
- Products must be stored indoors.
